Cypress

Takase Teak

Ebony

Midnight Echo

Black

Pearl White

Our melamine products are CARB (California Air Resources Board) compliant, as well as ATCM (Air Toxic Control Measure) compliant and meet the standards for clean and safe wood. Panels are manufactured from post-industrial or pre-consumer recycled wood fiber — the particleboard typically contains 90% wood fiber, and 10% resin, on a dry weight basis.

Colors and patterns shown may differ slightly from actual product.
